

Our Students Need Your Support!

There's no better way for students to develop competence in Science, Technology, Engineering and Mathematics (STEM) than by participating in a **FIRST** robotics team. **FIRST** members range in age from 6 through high school, and the challenges they face are great preparation for life.

But the students of Western North Carolina can't do it on their own. By contributing your time, expertise and funds you make a world of difference for their future and our communities!

The **Robotics Opportunity Committee (ROC)** is devoted to providing increased STEM opportunities for the youth of Western North Carolina. By working hand-in-hand with education, government, industry and community groups, the ROC is making a positive impact to:

- Facilitate the creation of FIRST Student Robotics Teams
- Assist in securing funding for teams
- Run tournaments
- Provide training for students and mentors/coaches
- Recruit mentors and coaches to work with teams
- Bring programs to under-served communities

But we need your help to make this possible.

Please flip over this brochure to find out what you can do.

This may be the best activity you've ever joined, just ask one of the over 90,000 valued FIRST volunteers!

"First Robotics is the only sport where everyone who participates can turn professional."

*Dean Kamen,
FIRST Founder*

Yes, I want to help! *I (we) want to (please check all that apply):*

Provide funding to start one or more FIRST teams:

- FIRST Lego League, ages 9-14 -- \$1,000 x ____ teams = \$ _____
- FTC Team, High School -- \$2,000 x ____ teams = \$ _____
- FRC Team, High School -- \$6,500 x ____ teams = \$ _____

Provide funding to assist one or more FIRST teams:

- Donate \$ _____ to
__any team
__a team in my area: _____
__a specific team: _____

Donate my time and skills to a team in my area (_____):

- FIRST Lego League, ages 9-14
- FTC Team, High School
- FRC Team, High School

Donate to the ROC in support of STEM related activities:

- I want to donate \$ _____ to the ROC
We guarantee that 100% of donated funds will be used to create and support teams and related activities.

I (we) want to find other ways to contribute:

- Please contact:

Please make checks payable to the "Robotics Opportunities Committee" and mail to the address below. Be sure to include your contact information and a copy of this form with all correspondence. You may also make checks payable directly to a specific team; please contact us for details on how to do this.

For more information on FIRST please visit <http://www.usfirst.org>

THANK YOU IN ADVANCE!
